

Safety Data Sheet (MSDS)

Revision Number: 2.1	Last updated Aug 28, 2017
----------------------	----------------------------------

1. Product and Company Identification

<i>Product Name:</i>	Dihydroethidium [Hydroethidine], 5 mM solution in DMSO
<i>Manufacturer/Supplier:</i>	AnaSpec, Inc. www.anaspec.com 34801 Campus Drive Fremont, CA 94555 Tel: 510-791-9560 Fax: 510-791-9572 Email: service@anaspec.com
<i>Catalog Number</i>	85718
<i>Unit Size</i>	1mL

2. Hazards Identification

Emergency Overview: We do recommend handling all chemicals with caution. Use proper protective equipment when handling chemicals.

GHS Hazard Classification:

GHS Physical Hazards Skin irritation (Category 2)

 Eye irritation (Category 2)

GHS Health and Environmental Hazards Specific target organ toxicity single exposure (Category 3)

GHS Signal Words: Warning

GHS Hazard Statements: H315 Causes skin irritation
 H319 Causes serious eye irritation
 H335 May cause respiratory irritation

GHS Hazard Symbol/Pictogram:

AnaSpec Inc.

34801 Campus Drive, Fremont, CA 94555

Toll-Free: 800-452-5530 • Tel: 510-791-9560 • Fax: 510-791-9573

GHS Precautionary Statements: P261 Avoid breathing in dust/fume/gas/mist/vapor/spray

P305+P351+P338: If IN THE EYE; rinse cautiously with water for 15 minutes, Immediately call a doctor or a physician

Potential Health Effects for:

Inhalation: If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Good hygiene practice requires that exposure be kept to a minimum and that suitable control measures be used in an occupational setting.

Ingestion: If swallowed, wash out mouth with water provided person is conscious. Call a physician.

Skin: In case of contact, immediately wash skin with soap and copious amount of water.

Eyes: In case of contact, immediately flush eyes with copious amounts of water for at least 15 minutes.

Chronic Exposures: No information available. We recommend limiting prolonged exposure.

Target Organs: No specific information available

3. Composition

Ingredients/Components: **Dihydroethidium**
[Hydroethidine], 5 mM solution in DMSO

Chemical Name: Molecular formula: C₂₁H₂₁N₃
Molecular weight: 315.4
CAS-No 104821-25-2
EC-No N/A

Chemical Name:	CAS Number:	EC-Number
Dihydroethidium	104821-25-2	N/A
DMSO	67-68-5	200-664-3

4. First Aid Measures

Inhalation:	If dust is inhaled, remove from contaminated area. Encourage patient to blow nose to ensure clear passage of breathing. If irritation or discomfort persists seek medical attention.
Ingestion:	If swallowed do NOT induce vomiting. If vomiting occurs, lean patient forward or place on left side (head-down position, if possible) to maintain open airway and prevent aspiration. Observe the patient carefully. Give water to rinse out mouth, then provide liquid slowly and as much as casualty can comfortably drink. Seek medical advice.
Skin:	If skin or hair contact occurs: Flush skin and hair with running water (and soap if available). Seek medical attention in event of irritation.
Eyes:	If this product comes in contact with the eyes:

AnaSpec Inc.

34801 Campus Drive, Fremont, CA 94555

Toll-Free: 800-452-5530 • Tel: 510-791-9560 • Fax: 510-791-9573

	<p>Wash out immediately with fresh running water. Ensure complete irrigation of the eye by keeping eyelids apart and away from eye and moving the eyelids by occasionally lifting the upper and lower lids. If pain persists or recurs seek medical attention.</p>
5. Fire Fighting Measures	
<i>Extinguishing media:</i>	<p>Water spray or fog. Alcohol resistant foam. Dry chemical powder. BCF (where regulations permit). Carbon dioxide</p>
<i>Special firefighting procedures:</i>	<p>Alert Emergency Responders and tell them location and nature of hazard. Wear breathing apparatus plus protective gloves. Prevent, by any means available, spillage from entering drains or water course. Use water delivered as a fine spray to control fire and cool adjacent area. DO NOT approach containers suspected to be hot. Cool fire exposed containers with water spray from a protected location. If safe to do so, remove containers from path of fire. Equipment should be thoroughly decontaminated after use.</p>
<i>Unusual fire and explosions hazards:</i>	<p>Emits toxic fumes under fire conditions</p>
6. Accidental Release Measures	
<i>Spill response</i>	<p>Remove all ignition sources. Clean up all spills immediately. Avoid contact with skin and eyes. Control personal contact by using protective equipment. Use dry clean up procedures and avoid generating dust. Place in a suitable, labeled container for waste disposal</p>
<i>Containment</i>	<p>Avoid all personal contact, including inhalation. Wear protective clothing when risk of exposure occurs. Use in a well-ventilated area. DO NOT enter confined spaces until atmosphere has been checked. DO NOT allow material to contact humans, exposed food or food utensils. Avoid contact with incompatible materials. When handling, DO NOT eat, drink or smoke. Keep containers securely sealed when not in use. Avoid physical damage to containers. Always wash hands with soap and water after handling. Use good occupational work practice. Empty containers may contain residual dust which has the potential to accumulate following settling. Such dusts may explode in the presence of an appropriate ignition source. Do NOT cut, drill, grind or weld such containers</p>

PPE	Use personal protective equipment
7. Handling and Storage	
Store at 4°C desiccated and protected from light. Store away from oxidizing agent.	
8. Exposure Controls / Personal Protection	
<i>Engineering controls</i>	Local exhaust ventilation is required where solids are handled as powders or crystals; even when particulates are relatively large, a certain proportion will be powdered by mutual friction. Exhaust ventilation should be designed to prevent accumulation and re-circulation of particulates in the workplace. If in spite of local exhaust an adverse concentration of the substance in air could occur, respiratory protection should be considered. Such protection might consist of: (a): particle dust respirators, if necessary, combined with an absorption cartridge; (b): filter respirators with absorption cartridge or canister of the right type; (c): fresh-air hoods or masks Build-up of electrostatic charge on the dust particle, may be prevented by bonding and grounding. Powder handling equipment such as dust collectors, dryers and mills may require additional protection measures such as explosion venting. Air contaminants generated in the workplace possess varying "escape" velocities which, in turn, determine the "capture velocities" of fresh circulating air required to efficiently remove the contaminant.
PPE	Use personal protective equipment
9. Physical and Chemical Properties	
<i>Physical State</i>	Liquid
<i>Odour</i>	Not available
<i>Solubility in Water</i>	N/A
<i>Specific Gravity</i>	Not available
<i>pH</i>	Not available
<i>Boiling Point</i>	Not available
<i>Melting Point</i>	Not available
<i>Flash Point</i>	N/A
<i>Vapor Pressure:</i>	N/A
<i>Vapor Density:</i>	N/A
10. Stability and Reactivity	
<i>Thermal Decomposition</i>	No data available
<i>Dangerous Products of Decomposition</i>	No data available
<i>Dangerous Reactions</i>	COx, NOx when burned
Keep container tightly closed in a dry well-ventilated place. Containers which are opened must be carefully resealed and kept upright. Store in 4°C refrigerator.	
11. Toxicological Information	
<i>RTECS Number</i>	CAS# 67-68-5; PV6210000

AnaSpec Inc.

34801 Campus Drive, Fremont, CA 94555

Toll-Free: 800-452-5530 • Tel: 510-791-9560 • Fax: 510-791-9573

<i>Toxicity</i>	CAS# 67-68-5: LD50 Oral-rat-14,500mg/kg LD50 Inhalation-rat-4h-40250ppm LD50 Dermal-rabbit- >5,000 mg/kg
<i>Health Hazards</i>	CAS# 67-68-5: Genotoxicity in vivo-mouse- Intraperitoneal DNA damage
<i>Potential Hazards</i>	Skin Contact: May cause skin irritation. Eye Contact: May cause eye irritation Inhalation: May be harmful if inhaled Ingestion: May be harmful if swallowed
<i>Carcinogenicity:</i>	CAS# 67-68-5: Carcinogenicity- rat- Oral Tumorigenic: Equivocal tumorigenic agent by RTECS criteria. Skin and Appendages: Other: Tumors. CAS# 67-68-5: Carcinogenicity- mouse- Oral Tumorigenic: Equivocal tumorigenic agent by RTECS criteria. Leukaemia Skin and Appendages: Others: Tumor
<i>OSHA Permissible Exposure Limit(PEL) Data</i>	N/A
<i>ACGIH Threshold Limit Values (TLV)</i>	N/A
<i>Reproductive Toxicity:</i>	CAS# 67-68-5: Genotoxicity in vivo-mouse- Intraperitoneal DNA damage
<u>12. Ecological Information</u>	
Toxicity to fish (CAS# 67-68-5) LD50- Pimephales promelas (fathead minnow)-34,000mg/l – 96h LD50- Oncorhynchus mykiss (rainbow trout)- 35,000 mg/l- 96h	
<u>13. Disposal Considerations</u>	
All waste must be handled in accordance with local, state and federal regulations. Legislation addressing waste disposal requirements may differ by country, state and/ or territory. Each user must refer to laws operating in their area. In some areas, certain wastes must be tracked.	
<u>14. Transport Information</u>	
<i>Hazard Class</i>	N/A
<i>Identification Number</i>	N/A
<i>Packing Group</i>	CBL Packing group III
<i>Proper Shipping Name (DOT)</i>	N/A

AnaSpec Inc.

Toll-Free: 800-452-5530 • Tel: 510-791-9560 • Fax: 510-791-9573

15. Regulatory Information

California Proposition 65: N/A

US TSCA (Toxic Substance Control Act): CAS# 67-68-5

US CERCLA (Comprehensive Environmental Response, Compensation, and Liability Act): N/A

US SARA Title III (Superfund Amendments and Reauthorization Act): CAS# 67-68-5

US Other: N/A

EC EINICS (European Inventory of Existing Commercial Chemical Substances) Number: N/A

EC Risk Statements: N/A

Other Country Regulations: N/A

16. Other Information

It is not intended for food, drug, household, agricultural or cosmetic use. A technically qualified individual experienced in handling potentially hazardous chemicals must supervise its use. The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. Users should make independent decisions regarding completeness of the information based on all sources available. AnaSpec shall not be held liable for any damage resulting from handling or from contact with the above product.
