

## Required amount of antigen / max. volume

Host	Minimum antigen quantity/injection/animal		Maximum volume/injection
	Antigen MW < 18KDa	Antigen MW > 18KDa	
Rabbit	200 µg	100 µg	500 µL
Guinea Pig/Rat	50 µg	30 µg	250 µL
Mouse	40 µg	15 µg	150 µL
Hen	200 µg	100 µg	500 µL
Goat/Sheep	400 µg	200 µg	1000 µL
Large animals	Contact us for recommendation		

If MW < 10 kDa, a coupling to a carrier protein can be considered
